VISION AND MISSION

To become the leader among the prominent logistics companies in Southeast Asia and be at par with the reputable names in the international circle

Our commitment is to deliver excellent and reliable solutions to our valued customers, supported by customer-oriented company policies and standards.

ABOUT PHILINDO LOGISTICS

Philindo Logistics started as a **Balikbayan Box** service in the founder's garage in Jakarta, catering to Filipino workers in Indonesia who needed to send goods back home.

As operations grew, **PT Philindo Cargo Logistics** was officially established in 2005 in Indonesia, providing solutions for the Logistics needs of SMEs and Multinationals in Indonesia.

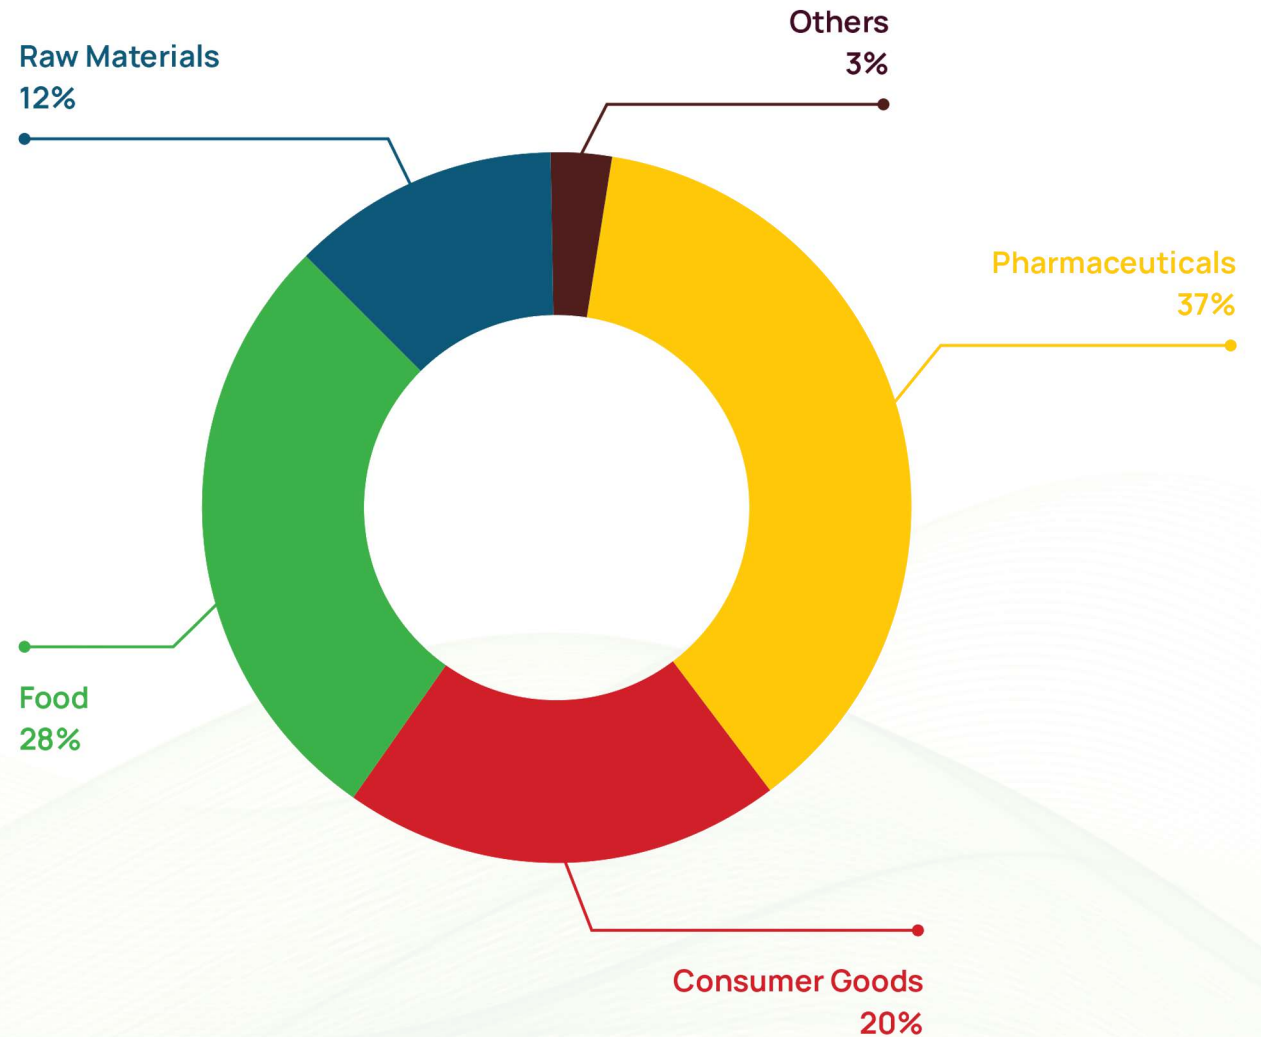

Increasing opportunity led to the establishment of **Philindo Container Express Inc.** in the Philippines in 2016, increasing our ability to deliver quality services to our growing clientele.

Now we are continuously developing and expanding our strong global presence in the Asia Pacific to deliver top-notch solutions and convenience that enable our clients to reach new heights.
